

# *If I'm Falling*

*Tom Mody*

---

Are we souls just floating  
Leaking air until we're dry  
Are we souls in rhythm  
One in song 'til the music dies  
Why bother asking  
I'd deny I even knew

[chorus]  
Don't catch me if I'm falling  
Diving off that mountain side  
If I blackout exalting  
Just pull the cord and let me fly  
Don't catch me if I'm falling  
I'm a comet streaking in the sky  
Just wait until I'm calling  
Inches from my suicide

Are we old before we're born  
Static in a moving line  
Are we not old until we've fallen  
Just anywhere, any time.  
Someone's always asking  
About my story, is it true  
If the books been written  
I'll rip out a page or two

[chorus]  
Don't catch me if I'm falling  
Head first in the ocean side.  
If I blackout exalting  
Just wash me up with the morning tide  
Don't catch me if I'm falling  
I'm a bullet on a wild ride.  
Just wait until I'm calling  
Stray me but an inch too wide

Maybe I need to know before I'm in disrepair  
Then I can sleep for hours at the wheel without a care

[chorus]  
Don't catch me if I'm falling  
Eyes closed in the ever-void  
If I blackout exalting  
Don't think that I was paranoid.  
Don't catch me if I'm falling  
I'm a rocket racing for the prize.  
Just wait until I'm calling  
Secure that I'm immortalized.
