

Monster Fight

Tom Mody

Hold down the braces
Unlock the chains, untighten the ties
The rumbles grow to roars and screams
The masses summon to rise, rise, rise

Pay no admission
Just pay respects or pay the price
Could be our last day
but we want it that way
Knock down, dragged out, sonic blast, death match
When the monsters rise

[chorus 1]
Three headed dogs of war
Goliaths of the night
Titans of the galaxy
Giants towering might
Colliders of calamity
Stealers of reality
Entertainment for humanity
When monsters rise to fight

Earth shakes, tectonic quakes
Quiver and shiver in euphoric states
Dodge the fools and run like ghouls

Unleashed beasts, riots in the street
Mountain sized muscle
Feats of wonder as towers crumble
Fire seething, lightning breathing
Thunder that will put us under
When monsters rise

[repeat chorus 1]

Feed the pain, make your name
Hammer with the Gods
To survive is to be alive
Head lash, back splash
Cower to the power wrath

[chorus 2]
Three headed dogs of war
Goliaths of the night
Titans of the galaxy
Giants towering might
Igniters of insanity
Conquerors of history
Arrangements of humanity
When monsters rise to fight
