

# Queen of Carols

*Tom Mody*

---

When the Queen of Carols of Christmas  
Comes calling at your door  
The songs the Wisemen sang  
Traveling afar  
Have found you their star

When the Queen of Carols of Christmas  
Comes calling at your door  
Every note shines a blessing  
When the Queen of Carols calls  
Sing me my Queen

Hear me Queen of Carols of Christmas  
I sing you Heaven's Score  
Giving hope and love and reason  
To a child's delight on a frosty cold night

I've sang songs with choirs of angels  
That thunder in the clouds  
I've sung lullabies to a babe in a manger  
Yet no one heard a sound

[chorus]  
Can you hear the ringing of snowflakes  
Listen close, it's crystal clear  
Harmonies raining from Heaven  
Telling me my time is near

When you sing my carols of Christmas  
Upon thy neighbors door  
You understand true reason  
Of blinking tree lights and reindeer in flight

And if I choose this season  
To sing upon your door  
Love from the heart of a babe in a manger  
Will leave you never more

[chorus]  
Can you hear the ringing of snowflakes  
Listen close, it's crystal clear  
Harmonies raining from Heaven  
Calling me, calling me  
Can you hear the ringing of snowflakes  
Listen close, it's crystal clear  
Harmonies raining from Heaven  
Telling me my time is near
