

# *Christmas Night*

*Tom Mody*

---

It's Christmas night in my city  
And all the work is done  
It's Christmas night in my city  
The children had their fun

{chorus}  
Hold me, hold me  
As I rest my weary eyes  
Hold me, hold me  
Until the morning rise

It's Christmas night in my city  
And yet my mind won't sleep  
It's Christmas night in my city  
Such memories to keep

Cookies and candy and presents and brandy  
Finally set aside  
The houses still blinking and families singing  
Through candles last flickering light

[chorus]  
Hold me, hold me  
This one last loving gift  
Hold me, Hold me  
And set my mind adrift

[bridge]  
What will tomorrow bring.  
Plenty of useless things.  
So hold in your heart the love you share today

It's Christmas night in my city  
The years most holy night  
It's Christmas night in my city  
When peace and love reprise

[chorus]  
Hold me, hold me  
We've nothing left to cheer  
Hold me, Hold me  
We'll dream of the coming year.  
Hold me, hold me,  
As I rest my weary eyes  
Hold me, hold me  
Until the morning rise.
