

Cry Baby

Tom Mody

Say You, think you got a lot to say
Feel blue when you never got a prize to play
In school their gonna have to teach it your way
Gimme more, gimme mine, you deserve it for thinking so kind
I ... think you got too much to say
The ribbons on your wall say you always got a prize to play
Why ... should I always have to see it your way
Take a lump, earn a dime, and then you'll get respect from my kind

[chorus]

Has the world gone crazy- And are we all mad
Has the world gone crazy- Well maybe just a tad
It's so damn crazy- As if we've all been had
So just cry baby- I'm sure you'll get your way
Yeah just cry baby the new American way

Let your tears, let your tears, and your fears hang 'round
Pretend to never understand why your plan keeps letting you down
Hold your sign of the times in a line to parade your views
But that ain't ever gonna change my truth
So I say why... should you have to be angry all day
Say a prayer, give a dime, you'll know how it feels to be kind

[chorus]

Has the world gone crazy- And are we all mad
Has the world gone crazy- I guess it's just too bad
It's so damn crazy- As if we've all been had
So just cry baby- I'm sure you'll get your way
Yeah just cry baby the new American way
Has the world gone crazy- Enough to make us mad
Has the world gone crazy- I always thought it had
It's so damn crazy- Not enough to be so sad
So just cry baby- I'm sure you'll get your way
Yeah just cry baby for the USA

[bridge]

I'm trapped here in this dialtone
I want to dry my eyes
Leave me here caught in the twilight
Things that can't be done
So erase me.

[chorus]

We've all been mad
We've all been had
But that's not all bad
So don't cry baby- we'll let you have your say
Has the World Gone Crazy- We've all gone mad.
Has the World Gone Crazy- We've all gone mad.
It's so damn crazy- And just a little hazy.
So just cry baby that's democracy today.
Yeah just cry baby.
