

Riverboat Lady

Tom Mody

Hit town on a Friday
To find my riverboat lady
Docked along the boardwalk
Driving all the gamblers crazy

Teach a little slight of hand
Turns a boy into a man
And off she sails on that riverboat
Riverboat lady

A kiss of voodoo from Haiti
My riverboat lady
Got the waters in command
Like the damn Royal Navy

And when that voodoo kicks in
There ain't a heart that's worth fixin
And off she sails on that riverboat
Riverboat lady

She never says goodbye
And I never ask why
She's chained my heart to that riverboat
Riverboat lady

She sails away with my heart

My riverboat Lady

Bye bye riverboat
